

OMS TECHNICAL SERVICES

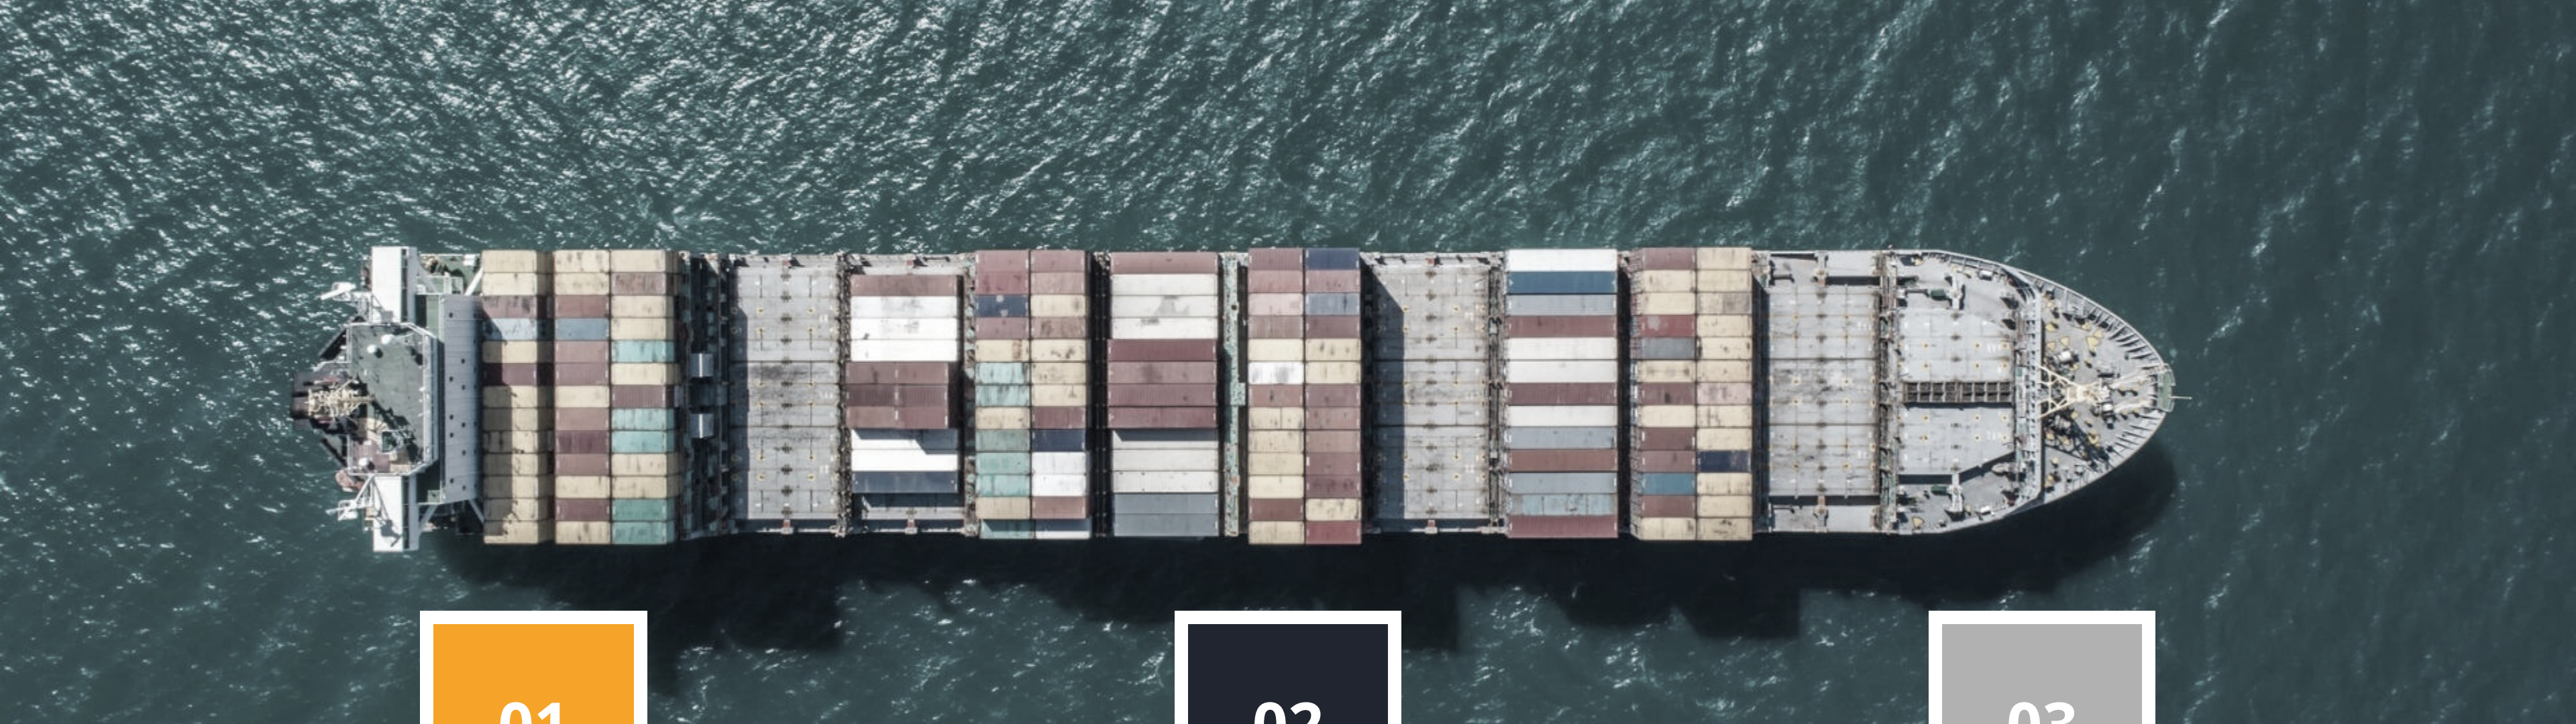

YOUR TRUSTED SHIPBUILDING SERVICE PROVIDER

ABOUT OMS

Founded in 2004, OMS is an ISO 9001:2015 certified company that manufactures and supplies materials and equipment to the marine, oil & gas, and engineering sectors. We also support our clients with warehousing and distribution logistics, as well as staffing requirements through international partners.

Developing strategic relationships with our customers enables us both to benefit from mutually-beneficial, long-term projects. As we work to reduce your operational expenses together with input costs, we offer a fully transparent process, from benchmarking prices and order fulfilment, right through to invoicing and settlement.

01

SUPPLY

OMS have developed strong relationships and partnerships with strategic manufacturers throughout the world, giving our clients access to many products and systems. Our 15,000 sqft manufacturing facility also gives us scope to manufacture almost any item that our client requires.

02

ENGINEERING

OMS provide and develop a full mechanical routed systems technical expertise of resource within Piping and HVAC. We also have the capability to source and engage engineering professionals through international staffing partners.

03

LOGISTICS

We are able to offer full logistical support to clients including long-term storage and order fulfilment. OMS are able to act as a hub for all international orders, releasing stock based on client production schedules.

SUPPLY & MANUFACTURE

PLEASE REFER TO OUR PARTS CATALOGUE
FOR A COMPREHENSIVE OVERVIEW OF OMS'
SUPPLY CAPABILITIES

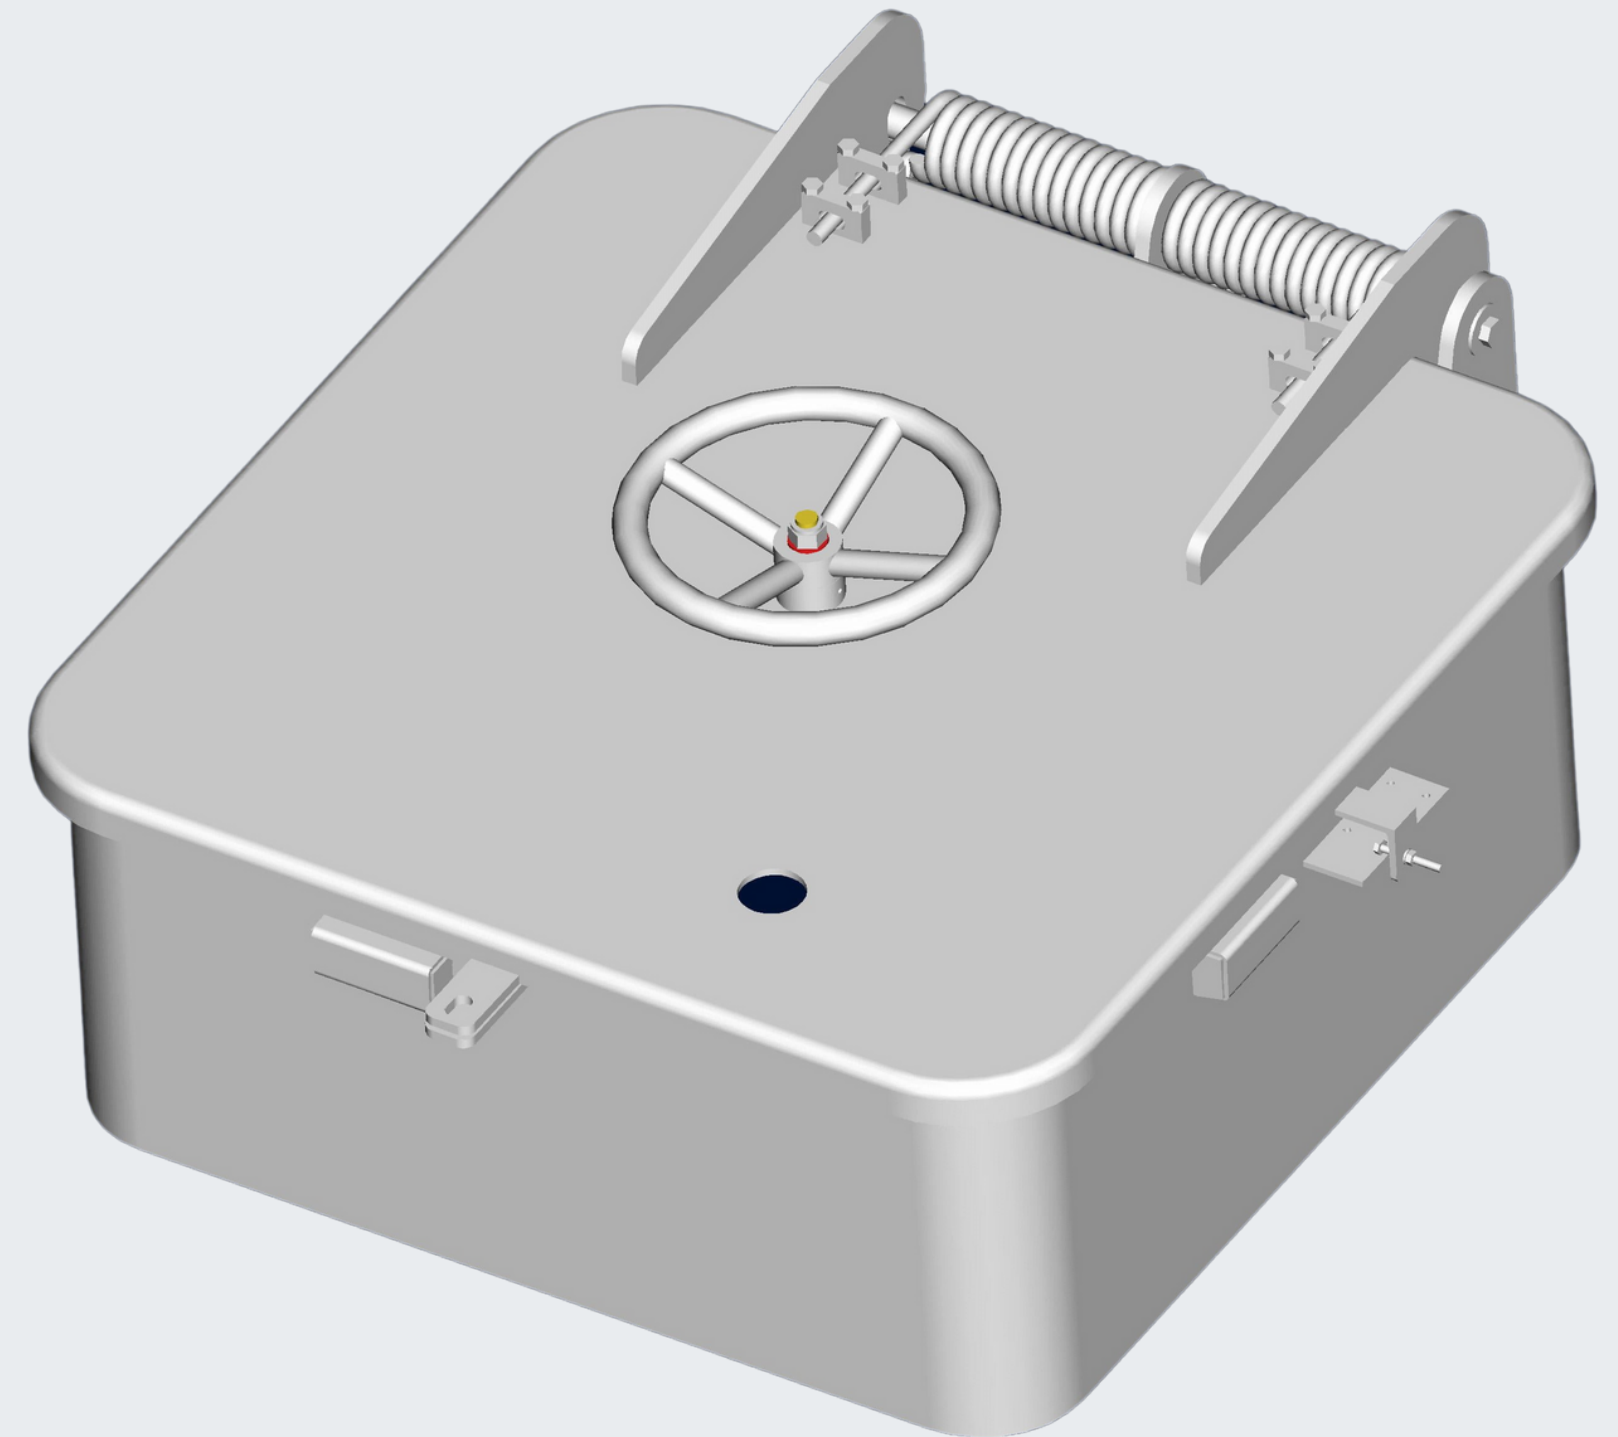

CAT B

HATCHES AND MARINE DOORS

OMS have an industrial partnership with a leading manufacturer of all marine doors and hatches. We are able to supply:

- A Class, B Class, and Blast Proof Doors
- Watertight and Weathertight Hatches
- Lift-Off and Hydraulic Deck Hatches

All products are certified according to LR or DNV-GL standards, with many carrying type approval certification. Bespoke items are also able to be manufactured to your spec.

CAT B

WATER TREATMENT

OMS have an industrial partnership with a leading manufacturer of all water treatment systems. We are able to supply:

- Ballast Water Treatment System
- Domestic Fresh Water Systems
- Oily Water Separators
- Reverse Osmosis Plants
- Anti-Corrosion Systems
- Black / Grey Water Systems

CAT B

DAVITS

OMS are able to design, supply, and support tailor-made solutions for launching and recovering manned and unmanned craft at sea. All davits systems can be bespoke to the end user's requirements.

Depending on the size of the craft and lifting capacity required, OMS are able to design suitable systems including after-care support and training courses. All products are certified according to DNV-GL rules as standard, with LR available upon request.

CAT B/C

MOORING EQUIPMENT

- ANCHORS - HHP PTW, HHP HV, COMPACT
- *DOUBLE BOLLARDS - ISO13795 / DIN82607
- PEDESTAL ROLLERS - ISO13776 / DIN 81907
- DECK & BULWARK CHOCKS - ISO 13728/9
- SMIT BRACKETS - 102T / 204T
- STUD LINK CHAIN AND FITTINGS
- CHAIN STOPPERS
- MOORING ROPE - WIRE / SYNTHETIC

ALL EQUIPMENT CAN BE SUPPLIED WITH CLASS CERTIFICATION
FROM LLOYDS REGISTER (LR) OR DET NORSKE VERITAS (DNV-GL)

*OMS MANUFACTURED PART

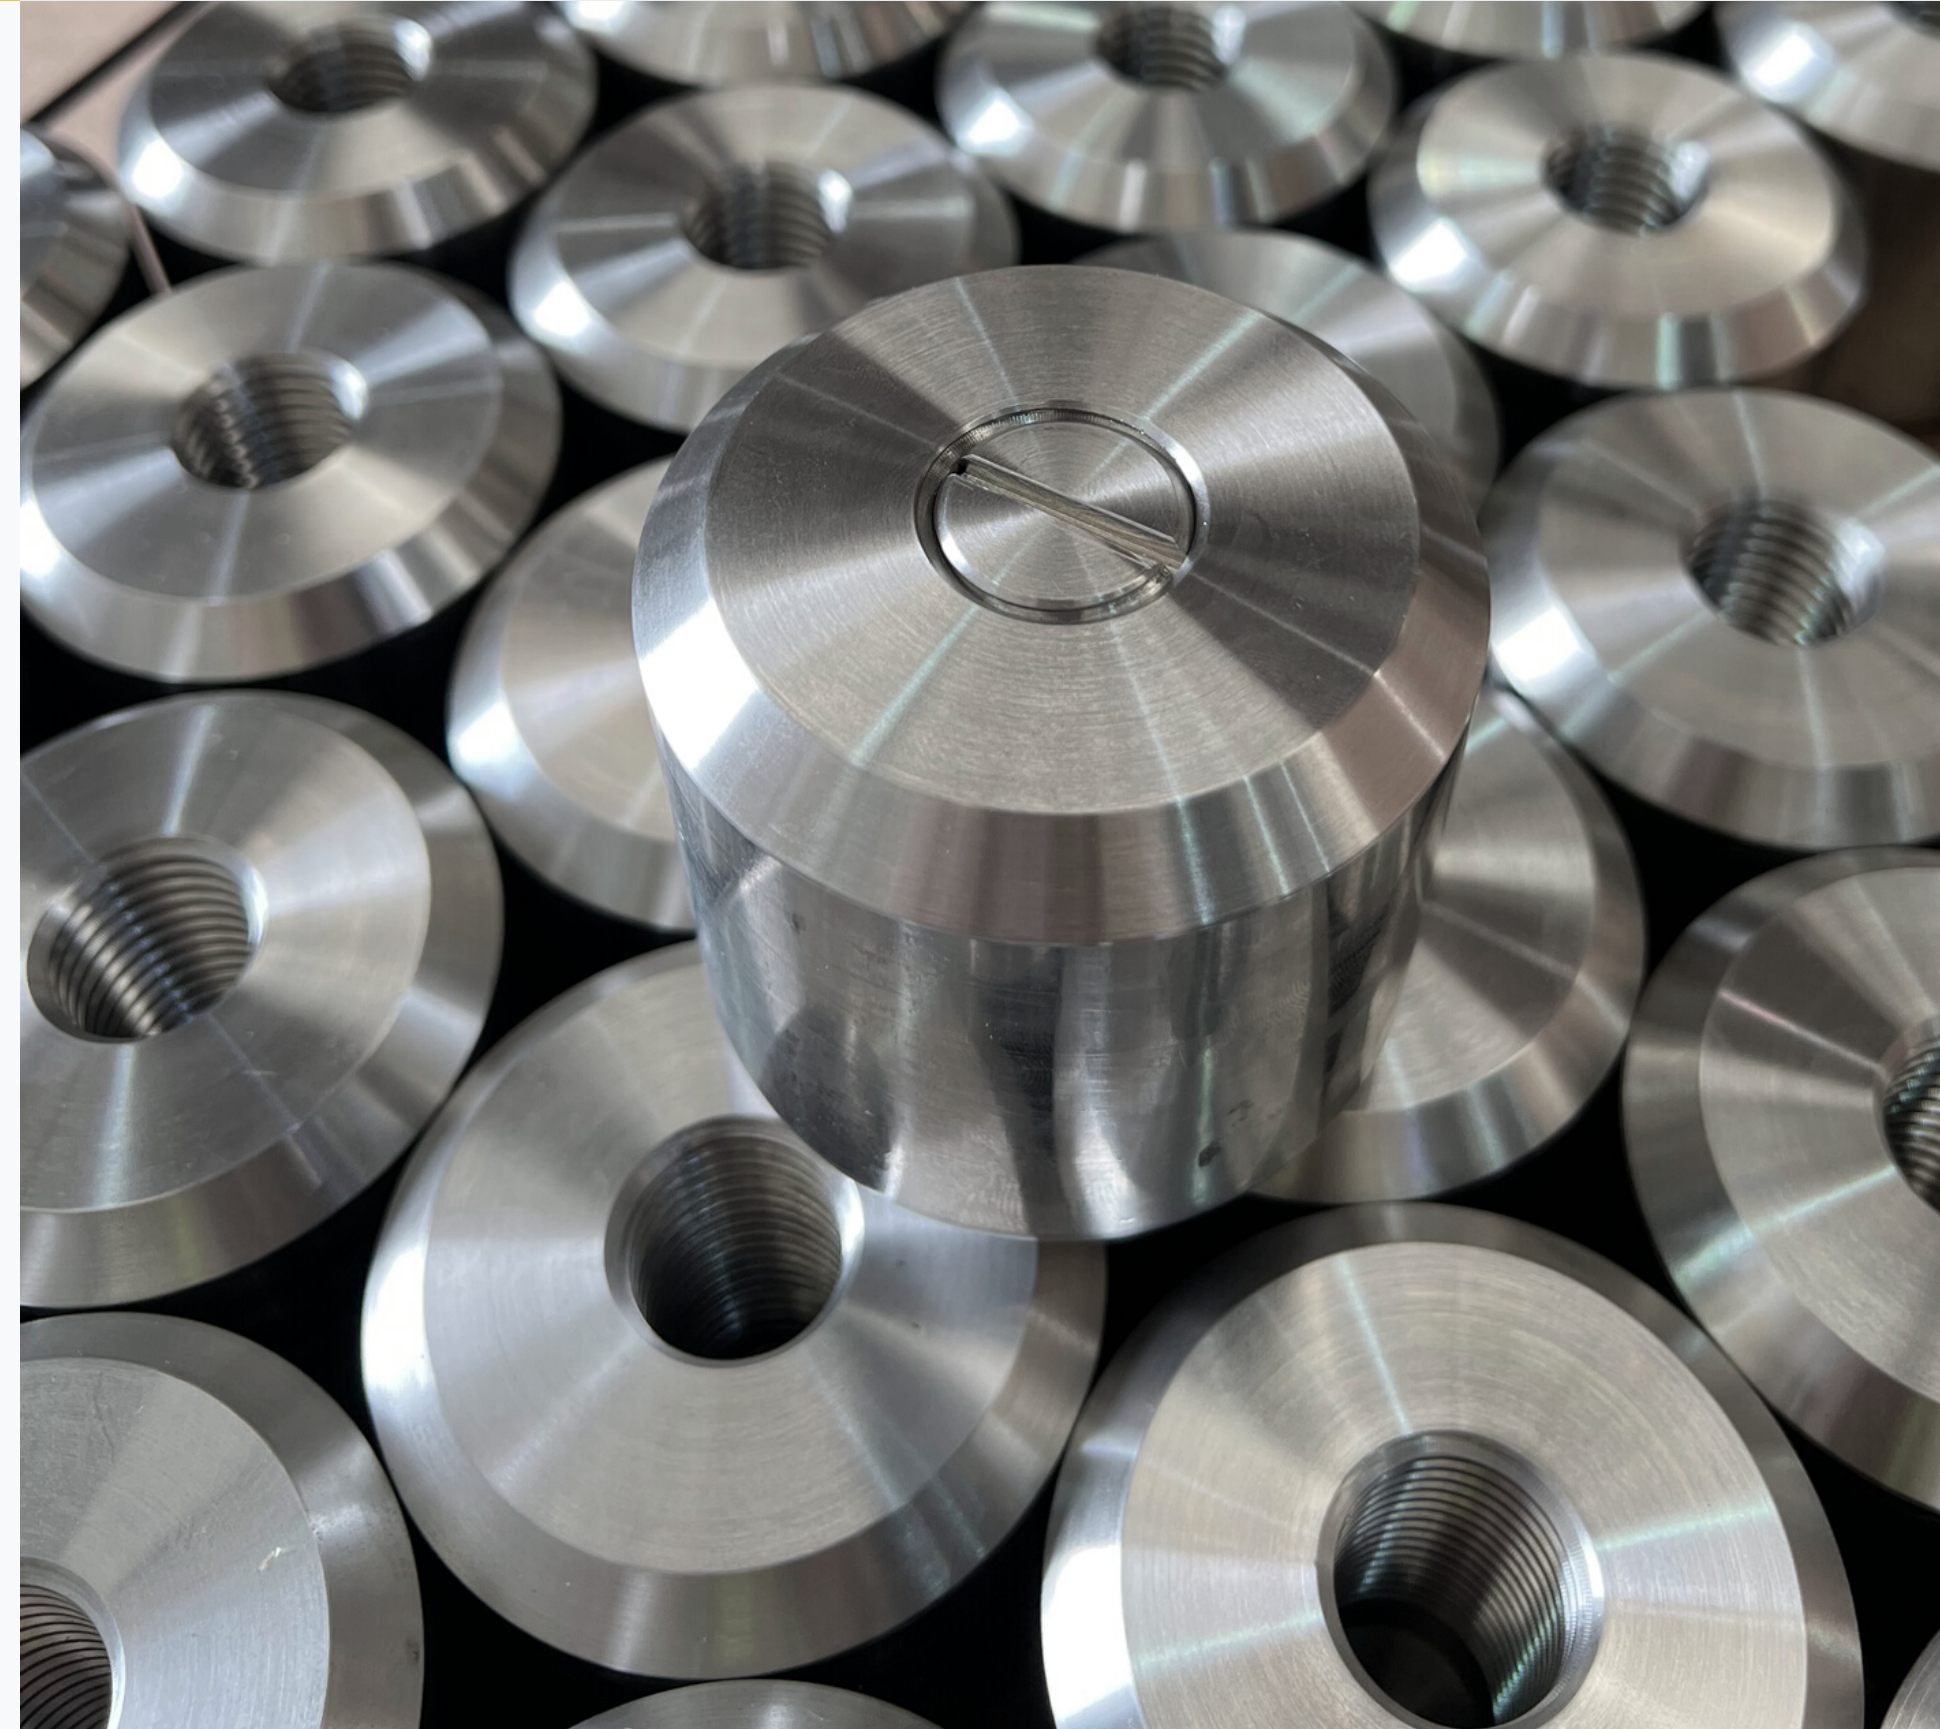

CAT C

DECK EQUIPMENT

- *OMS MULTI-FUNCTIONAL DECK SOCKETS
- LASHING RODS
- ISO FLUSH/RAISED SOCKETS
- TWIST LOCKS
- HELI-LASHING FOUNDATIONS

ALL EQUIPMENT CAN BE SUPPLIED WITH CLASS CERTIFICATION
FROM LLOYDS REGISTER (LR) OR DET NORSKE VERITAS (DNV-GL)

*OMS MANUFACTURED PART

CAT B/C

PIPING, PUMPS, & VALVES

- PUMPS - ALL TYPES AVAILABLE FOR VARIOUS APPLICATIONS
- VALVES - ALL TYPES AVAILABLE FOR VARIOUS APPLICATIONS
- STRAINERS - Y, SIMPLEX, DUPLEX, ROSEBOX
- GASKETS AND EXPANSION JOINTS

ALL EQUIPMENT CAN BE SUPPLIED WITH CLASS CERTIFICATION FROM LLOYDS REGISTER (LR) OR DET NORSKE VERITAS (DNV-GL)

MANUFACTURING FACILITY

15,000 sqft integrated office, manufacturing,
and warehousing facility in the U.K

FABRICATION & COATING SERVICES

- PRODUCTION OF PIPE SPOOLS TO BS AND ASME STANDARDS
- INTEGRATED PIPEWORK AND FABRICATION WORKSHOP, WITH CODED WELDING TO EN OR ASME STANDARDS
- MANUFACTURE, NDT, PRESSURE TEST, COAT AND INSTALL REPLACEMENT PIPEWORK

ALL MANUFACTURED PARTS CAN BE SUPPLIED WITH CLASS CERTIFICATION FROM LLOYDS REGISTER (LR) OR DET NORSKE VERITAS (DNV-GL)

MACHINING & TECHNICAL SERVICES

FULLY OPERATIONAL MACHINE SHOP WITH OVER 25 VARIOUS TYPES OF MACHINE, INCLUDING:

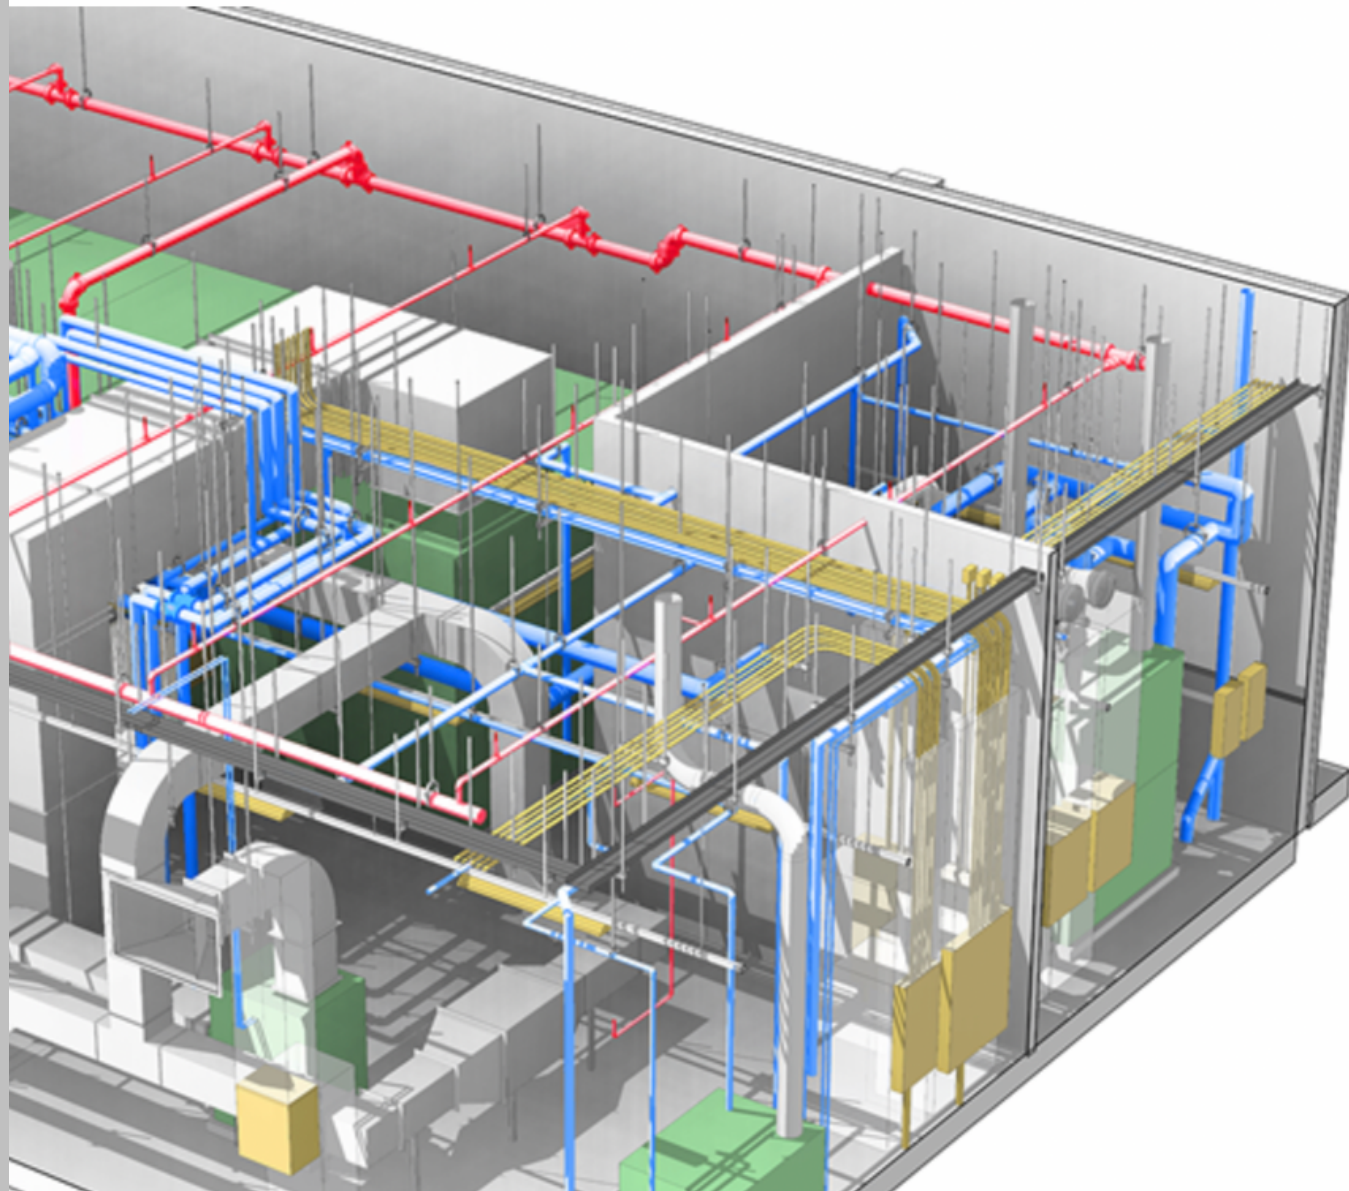

- MAZAK QT10, QT20, VQC15/40, QT28
- TFY 5KV CNC MILLING MACHINE
- HYDROSTATIC PRESSURE TESTING
- NDT TESTING
- HYPERBARIC CHAMBER MANUFACTURE

ALL MANUFACTURED PARTS CAN BE SUPPLIED WITH CLASS CERTIFICATION FROM LLOYDS REGISTER (LR) OR DET NORSKE VERITAS (DNV-GL)

ENGINEERING SERVICES

PROVIDE AND DEVELOP A FULL MECHANICAL
ROUTED SYSTEMS TECHNICAL EXPERTISE OF
RESOURCE WITHIN PIPING AND HVAC

ENGINEERING SERVICES

By working in close collaboration with clients in UK Shipyards we provide complete engineering design and management support solutions across the project lifecycle of both new and existing Marine vessels.

OMS' existing footprint within the UK has enabled us to develop a technical capability in delivering mechanical resource to support Stage 2 Detail Design and Stage 3 Outputs to meet the needs of both defence and commercial clients with a fully managed work package delivery model.

OMS have a proven track record of supplying a dedicated team of engineering resources whom are fully engaged with supporting the UK Naval Ship Yards with the development and integration within the purchasers CAD tool set and associated processes,

ENGINEERING RESOURCE CAPABILITY

3D MODELLING

DEFINE, CREATE, DELIVER,
AND MAINTAIN A FULLY
INTEGRATED 3D MODEL
FOR NAVAL SHIPS IN A
NUMBER OF UK
SHIPYARDS.

USER GUIDANCE

SYSTEM ROUTING AND
CREATION OF HVAC AND
PIPING OUTPUTS -
ADAPTABLE TO SUPPORT
ANY CLIENTS PROJECT

LOGISTICS AND WAREHOUSING

STORAGE AND CALL-OFF FACILITY BASED IN
U.K TO SUPPORT INTERNATIONAL CLIENTS

LOGISTICS SUPPORT

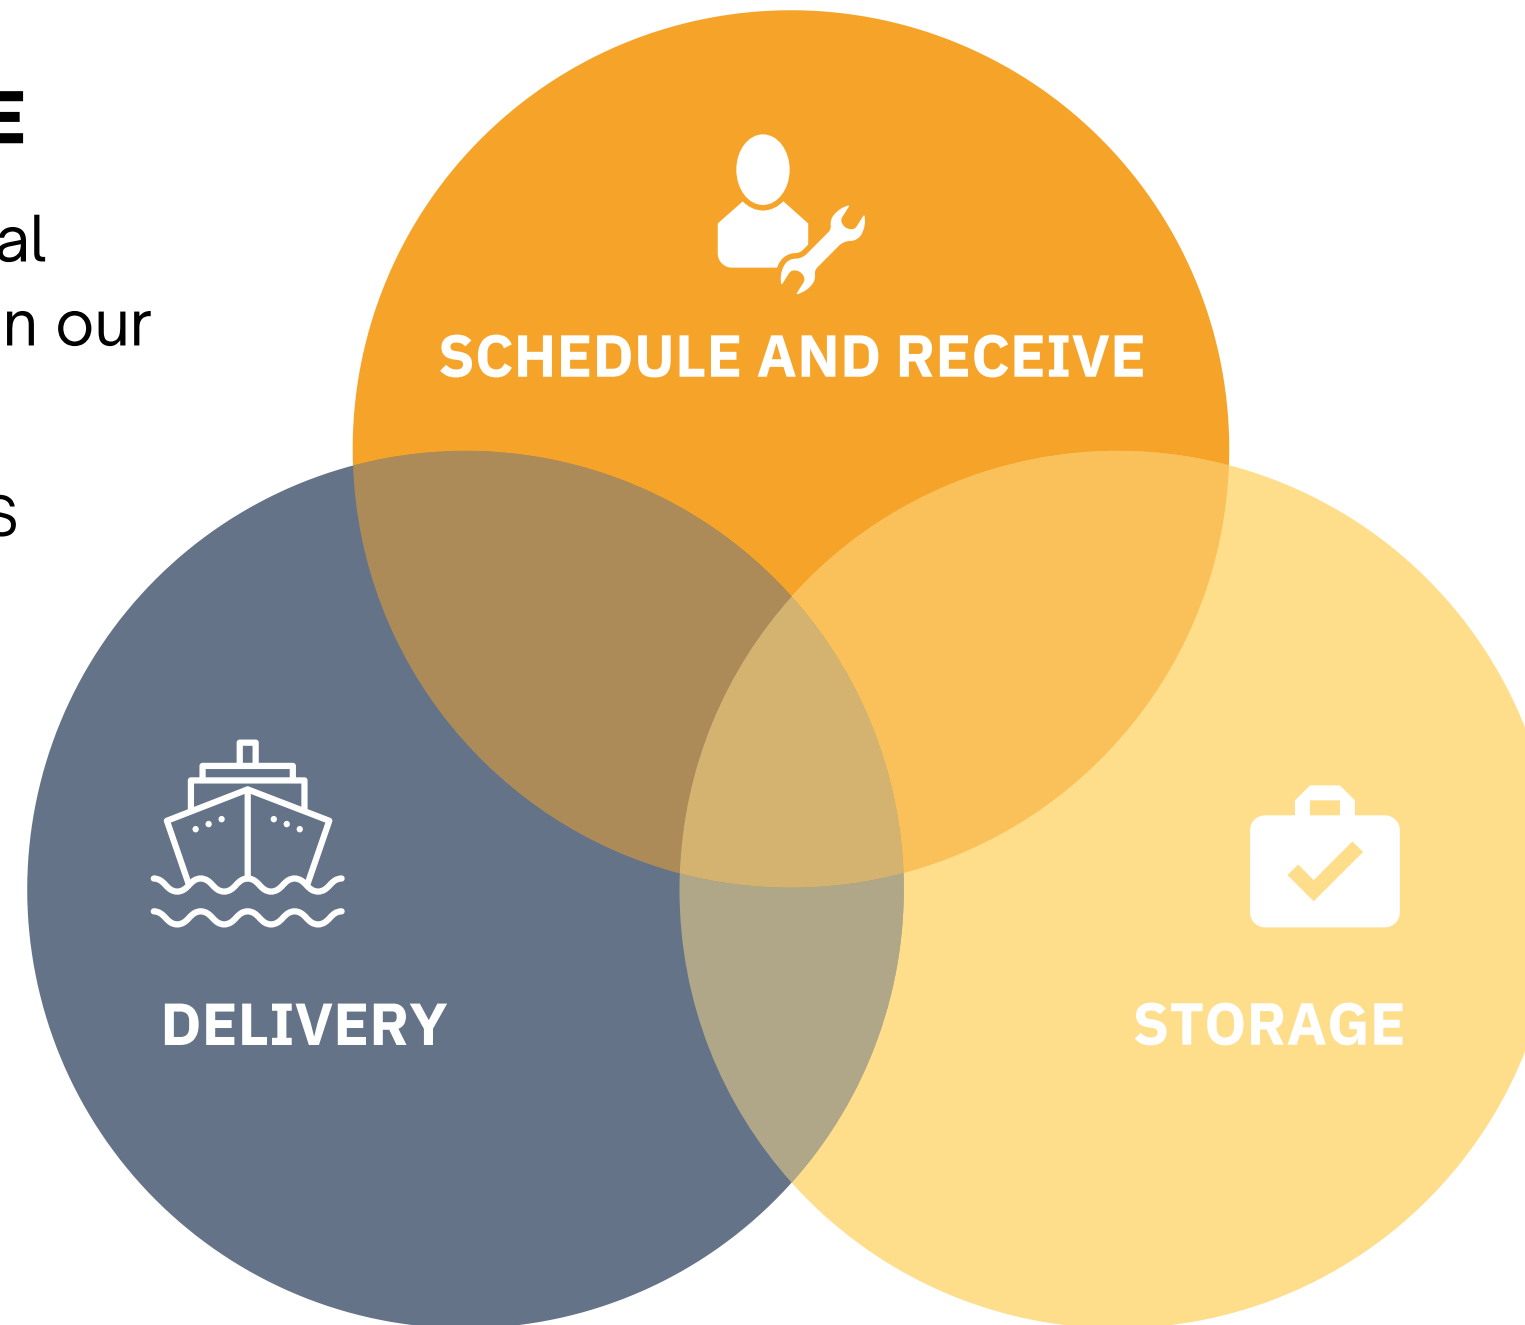

SCHEDULE AND RECEIVE

Orders from OMS and external manufacturers are recorded in our VMI system:

- ASSIGN PN'S
- STOCK LEVELS
- BARCODE SYSTEM
- DURATION

DELIVERY

Goods can be delivered in batches resulting in significant savings on freight costs.

STORAGE

Goods of any type can be stored for any duration. They will then be called off for delivery based on pre-agreed production schedules, reducing client's warehousing overheads and improving efficient use of space

BENEFITS OF OMS' WAREHOUSING AND LOGISTICS SUPPORT

FREIGHT SAVINGS

COLLATE ORDERS AT
OMS' HUB AND SHIP
TOGETHER TO PROMOTE
SIGNIFICANT SAVINGS IN
SHIPPING COSTS

RISK MINIMISATION

DE-RISK YOUR SUPPLY
CHAIN BY ENSURING ALL
GOODS HAVE PASSED

TIME CALL OFF SYSTEM
ALLOWS YOU TO MAKE
EFFICIENT USE OF ON-
SITE STORAGE

REDUCE COSTS

PURCHASE GOODS AT
CURRENT MARKET RATES
AND STORE THEM AT
OMS FACILITY UNTIL
REQUIRED FOR
PRODUCTION.

The background image shows a port scene at sunset. Large gantry cranes are silhouetted against a warm, orange and yellow sky. In the foreground, a blue ship is visible, with the name 'TRACON 210' and 'WILMINGTON, DE' partially legible on its side. The water is dark and reflects the light from the sky. A semi-transparent white rectangle is centered over the image, containing the text 'THANK YOU' in large, bold, orange letters.

THANK YOU
